ROBINSON CREEK HOME DESTROYED

Carl Justus Loses Valuable Guns, Curios As Home Burns

Carl Justus lost his Robinson creek road home and all his possessions early Tuesday morning in a fire which started from an oil stove and spread so rapidly that it was beyond control of the fire fighting facilities at hand within a few minutes.

Mr. Justus was taken to San Francisco at 1 o'clock Wednesday morning by friends from the city who had learned that he was badly burned over his back and shoulders from the intense heat encountered while trying to save his effects. The report is that he is in serious condition and pneumonia is feared.

Earl Porter of the Stambaugh ranch west of the Justus home was enroute to Ukiah, taking Mrs. Porter into town to catch the bus, and discovered the fire. The two men made a futile attempt to salvage some of the household effects, but were unable to save anything. Mr. Porter then went to a nearby telephone and called to the Ukiah Fire Department.

When the department truck arrived the crest of the fire was past and the water was used to reduce the ruins to a smouldering mass.

Mr. Justus lost a valuable set of machinist's tools, worth $2000, and a collection of guns said to be second to none in this section of the state, the value of which cannot easily be computed. Among them were two fine shotguns, three rifles and 10 pistols. There were also a large quantity of Indian baskets, blankets and fine handmade linens lost.

The house was of five rooms, probably built some 50 years ago, according to Mr. Justus. Originally it was known as the Lucas place and a hop kiln once stood on the site. It was later sold to Mr. Stambaugh, and Herman Runkel had it under a 5-year lease and rented it to Mr. Justus.

Mr. Justus is a retired San Francisco policemen with the grade of sergeant. He was a collector of curios and recently had made several trips to the city for purchases. In the fire he lost his badge, presented to him at the time of his retirement.

Library To Raise Non-Resident Fee

At a recent meeting of the Ukiah Public Library board, it was decided that effective July 1 non-resident fees will be raised from $1 to $2. In view of the fact that the library budget is figured on a per capita basis, and that a recent survey by the American Library Association reveals that $2.25 per capita is necessary for adequate library service, it is felt that a $2 fee for non-resident borrowers would more nearly approximate the city rate. Since the entire family of the non-resident is permitted library service for one fee, they are still not paying as much as the city user.

The 6-month card for non-residents will no longer be used. There will be only the annual card for $2.

It was also decided to charge a fee of 5c for each title reserved. This is a special service for individual patrons and entails not only tagging the book for a reserve, but also notifying the patron when to pick up the book.

Health Clinic Aid For Santa Rosa

The state department of public health has announced a plan whereby one of the 52 new health centers, including laboratories and clinics, would be built in Santa Rosa, the building to be constructed with the help of federal funds under the National Hospital Building program.

Communities are expected to match the state help and the two sums together will be matched by federal aid, making a $16,000,000 program possible from July, 1947, to June, 1949.

A forthcoming report planning a statewide campaign of hospital construction, the department points out that local health progarms "of varying degrees of adequacy" are in operation now in about 60% of the state's area, serving about 95% of the state's population; but 25 counties are without health services of any kind.

AMBULANCE ON CALLS

The Lance & Zimmerman ambulance service was called to Old Hopland on Thursday of last week to bring Mrs. Kate Ingles to the Ukiah General Hospital. On Friday Allen Campbell, an employee of the Alex Thomas ranch, was taken to the veterans hospital at Oakland. Last week Mrs. Gillick, mother of Mrs. Sophie McPhee, was taken to Boonville where she is making her home with her daughter.

Scudder and Norgard In Congressional Finals

Incomplete Returns Shows Ukiah Man Ahead of Kent

Hubert B. Scudder, Republican, polled 16,857 votes in the First Congressional district on the basis of the returns from 816 of the district 893 precincts as tabulated Wednesday night. His nearest opponent, Roger Kent, polled 13,429. Sterling Norgard of Ukiah was given 11,466 Republican votes and Rolland Webb 3796.

Based on the same report Norgard has a slight lead over Kent for the Democratic nomination, a lead of better than 700 votes.

On the basis of returns, Mr. Kent held the largest popular vote in the First district, with 31,620 in both primaries. He was followed by Mr. Norgard, with 30,442, Mr. Scudder with 25,527 and Mr. Webb with 7536.

United Press report to the Dispatch Democrat at 2:30 on Thursday gave these figures for 877 precincts in the First Congressional district:

Republicans — Kent 13,943, Norgard 12,058, Scudder 18,037, Webb 3924.

Democrats — Kent 18,898, Norgard 19,809, Scudder 9072, Webb 4143.

The total Democratic vote at that time was 49,633 as against 45,492 Republican.

Between them, Norgard and Kent had 62,000 votes in both primaries to a total of 33,000 for Scudder and Webb.

In Mendocino county, with all precincts in except Blue Rock, Republican voters gave Kent 1039, Norgard 1462, Scudder 1312, Webb 317.

The Democrats voted Kent 1021, Norgard 2233, Scudder 866, Webb 305.

For Assemblyman, District No. 1, Norman Johnson of Fort Bragg polled 2319 Republican votes, Way of Eureka 1298, French of Garberville 1674. The Democrats gave Johnson 3204, Way 1418 and French 465. Mr. Way's big majority in Humboldt county put him out in front with a 2500 lead, far too big to be overcome, it was conceded by Johnson Wednesday evening, says a report from Fort Bragg.

Delinquent List Small

The delinquent tax list for Mendocino county will be published this week and for three consecutive weeks, concerning which there are several interesting facts.

The total assessment for 1948 was $1,385,420, which is the largest assessment in the history of the county. Of that sum $1,349,126.96 have been paid, which leaves only $36,277.70 delinquent, and while the assessment is the largest the amount delinquent is a considerable smaller percentage than delinquent in 1947.

The amount of the delinquencies published is as of April 20, and some have been paid since that date. Delinquencies are collected to and including June 30, after which the accounts are turned over to the county auditor and carried on the books of that department and are subject to interest and penalties when paid.

Damage Suit Follows Collision Near Willits

A total of $10,650 is what is sought by Jack Morgan as damages caused by a collision between his G.M.C. truck and the automobile belonging to William Mallory on May 10, six miles north of Willits.

Morgan claims that he received a permanent injury of his left knee, along with general shock and other injuries as a result of the collision, and asks $10,000 as general damages, $425 for damage done his truck and $200 for the services of a physician. Burke & Rawles are attorneys for Morgan.

Judge Ben C. Jones is opposed for re-election as Superior court judge of Lake county by Attorney Ralph Devoto.

Two Supervisorial Races In November

Tuesday's election returns in this county's races for supervisor has set the stage for two intense contests in the November balloting.

In District No. 2 the runoff will be between Guy Redwine of Ukiah, incumbent, and Paul Poulos of Potter Valley. Redwine emerged the high man in a 5-cornered race, with Poulos running a close second. The unofficial county poll is Redwine 1149, Poulos 1094, Foster 863, Erickson 451, Furman 40.

In District No. 4, Guido Benassini of Fort Bragg, incumbent, polled 1429 votes, George Decker 1420, Vernon Johansen 540. Mr. Benassini was appointed to the post of supervisor a few months ago to succeed Walter Severance, who resigned to accept the new post of county road commissioner.

Ed Haehl, chairman of the county board, coasted back into office unopposed. Haehl was appointed in 1931 by Governor Rolph to succeed E. L. Williams of Hopland, who had been elected sheriff.

AUTO THIEF ENDS WILD TRIP HERE

Harry Ramsay of Hamilton Field ended a Memorial Day crime wave in Ukiah in the hands of Captain Myers of the highway patrol, after appropriating two automobiles in Sonoma county and coming to a "dead end" on the Shell Oil Company parking lot at State and Henry streets at 4 o'clock Tuesday morning.

Near Hamilton Field Ramsay took possession of a Lincoln Zephyr which he abandoned at Cotati when the timing gear broke, then hired a station attendant to take him into Santa Rosa where he registered at a hotel under an assumed name. He went to the room assigned him, but apparently took off immediately, taking along for the ride a Packard which the owner had obligingly left running.

Ramsay got as far as Ukiah and the Shell station when a connecting rod broke and he went into the station for oil and gas. The attendant believing that there was something wrong with the car put in oil only and when Ramsay returned from eating a lunch he was told that the crank case was cracked.

Claiming that he had an emergency call to Eureka, Ramsay left the car and went to the Greyhound station and bought a ticket to Eureka. There he was recognized by Driver Bill Payton, who had been alerted by the highway patrol at Healdsburg. Payton called Captain Ben Myers of the local patrol and told him of Ramsay's presence and after contacting the Sonoma county officers Captain Myers went to the bus depot and placed Ramsay under arrest and held him for Sonoma officers.

Rotarians Are Told Of Council's Aims

City officials made up the program offered at Tuesday's Rotary meeting, with Mayor Forrest Hughes, Councilmen Jack Clarke and Russell Richardson, City Manager A. R. Spreckelsen and City Engineer Gus Wallach telling of plans for new sewers and water supply, city financial problems, etc. Following their talks, a question and answer period served to enlighten those assembled on many matters. George Mark was program chairman.

Visitors included state highway assistant engineer, Frank Reynolds of Sacramento, Gilbert Hay, U. S. engineer of Hilo, T.H., Oscar Brandt of Lakeport and Don Martinelli of Upper Lake.

JACK GEARYS HERE

Former Ukiahans, Mr. and Mrs. Jack Geary were here for the Memorial Day holidays. Mrs. Geary is now matron of Trinity chapter of Order of Eastern Star in San Francisco and is enjoying her work very much, she said.

Big Truck Overturns, Spills Load

TIPPED BOTTOM-SIDE UP after scattering its load of lumber in a huge windrow for more than 100 feet along the highway was this big trailer, northbound into Ukiah Friday afternoon. D. J. McMinn, Santa Rosa, Espinoza Trucking Company driver, was forced to apply his brakes on a wet pavement to avoid hitting a grey coupe that turned suddenly into his path from a southbound lane. The accident happened at the intersection of the south highway and Talmage road when the passenger car, driven by a woman, hesitated and then turned east into Talmage road just ahead of the big diesel truck. Police officers and state patrolmen began an immediate search for the car and its driver, but were unable to locate them. McMinn was successful in bringing his huge truck to a halt safely, but the trailer load shifted out of control, breaking its heavy cables when it struck the pavement.

North Coast Ram Auction

Four Counties Are Contributing To Sale At Cloverdale

The North Coast second annual ram sale will be held at Cloverdale, Saturday, June 5. A public auction of 105 purebred rams, sheepdog trials, a sheep-shearing contest and a lamb barbecue are expected to draw sheepmen, their families, and friends from all the Redwood Empire counties. The event was inaugurated in 1947 by the Sonoma - Marin - Napa Woolgrowers Association for the purpose of encouraging the production of purebred rams in the north coast counties.

Consignments have been received for the following breeds of rams: Suffolk, Hampshire, Southdown, Corriedale, Romedale, Columbia, Rambouillet and Merino, all raised in Mendocino, Sonoma, Lake and Napa counties.

Elmer Brown of Jenner, chairman of the sale committe, says this sale is a good place for range sheepmen to purchase rams. An opportunity is afforded to compare the products of local breeders, side by side.

The sheepdog trials will be conducted following the sale. Wayne Foster of Cloverdale is in charge of the trials for the ram sale committee.

Prizes will be awarded for the dog trials and for the sheep shearing contest. "Buz" Cooper of Cloverdale is in charge of the shearing contest.

98 Children Out For Registration

Ninety-eight children were registered and received physical examinations at the elementary school Thursday morning, the registration, being sponsored jointly by the school and Parent-Teachers and serves two purposes, to eliminate congestion on the opening day of school and to bring to the attention of parents any medical or dental attention the child needs before entering school next fall.

The sponsors express appreciation for the response to the program. Appreciation goes also to Dr. Nicholas Zbitnoff and Dr. Glenn Miller who gave their time to the work, and to Mrs. Morrison, county nurse, for her very able assistance. Parent-Teacher members who worked under the direction of Mrs. Sam Ray, Jr., school nurse, were Mesdames Al Fraga, Frank Crane, Paul Sikora, Ernest Lauteren, Nicholas Zbitnoff, J. T. Boyd, Nolan Hunt and Frank Carpenter.

FAIR DIRECTORS MEETING

The board of directors of the Twelfth District fair have called a meeting for Sunday morning, June 6, at 10 o'clock at the fair grounds to discuss the matter of reducing the fair race track from the present half-mile course to a distance suggested by the state. The meeting is open to the public.

SANTA ROSANS HERE

They'll Run It Off In November

GUY REDWINE, incumbent, who led the field of other candidates for his seat on the board of supervisors.

PAUL POULOS of Potter Valley and Ukiah ran a close second to Supervisor Redwine and will contest for election in November for District No. 2 spot on the county board.

NEW COMMISSION TO RUN AIRPORT

$100,000 Armory For National Guard To Be Considered

Administration of Ukiah municipal airport was placed in the hands of the Airport Advisory Commission by the city council Wednesday which gave unanimous approval to the commission's written recommendations for new management policies.

Harry D. Saulsberry, one commission member will take over active management; Arthur Schilder, a second member will be concerned with promotion to increase the use and prestige of the airport and Paul Poulos, the third member will advise on leases, contracts and charges.

The council hailed the new plan, which was approved for one year's trial as a progressive step toward better management and development of the city's airport. Its adoption also calls for deferring application to Civil Aeronautics Authority for construction of a new administration building until a survey has been completed and concrete recommendations can be made on usage of space in the proposed building.

New Armory Building

In connection with airport development, the council last night also took under advisement a proposal by the State National Guard that the city allocate by token lease some five acres of airport property for an armory. Capt. Walter Smith and Sgt. John Ashford, here to obtain a site for the new $100,000 building, told the council the state and federal government will eventually spend up to $1,000,000 on the site if a favorable location is found.

No action will be taken by the council until it has conferred with the state fair board in a special meeting on Sunday morning at 10 a.m. The fair grounds was the first suggested site for the armory and the council would not act to obtain the buildings for the airport if the fair board feels it has the better location, Mayor Forrest Hughes said.

Capt. Smith said the establishment of Company B at full strength in Ukiah would bring

San Jose Man Dead In Holiday Accident

One life was lost and four persons suffered injuries of varying degrees during the Memorial Day holiday, and one man was arrested for drunk driving.

Clayton H. Shaver, 51, of San Jose, died in the Howard Memorial Hospital at Willits from injuries received Saturday afternoon when his car took out a guard rail approximately two miles north of the Longvale postoffice.

Patrolman Fred Hamilton's report says that Shaver probably was the victim of his haste, as marks on the concrete showed his car had swerved sharply to the left and crashed headon into the guard rail. Shaver lay in the rain for two hours after the accident, the report says.

Cars driven by George Hemmeter of Berkeley and Gilbert Bauer of Santa Rosa collided five and a half miles south of Hopland Monday afternoon when Bauer, who was parked at the side of the road, pulled into the traffic lane ahead of Hemmeter. Mrs. Hemmeter suffered minor injuries. Patrolman Arif Stultz investigated the accident and arrested Bauer.

William H. Barton of Ukiah was brought to the General hospital here Saturday after his car hit a bank two miles north of Ukiah while he was reaching under the dash for wiring which had caught fire, he told Patrolman Sam Shortridge.

Mr. and Mrs. Eugene Bussey, Fred Hollingsworth, Don Sidener and David Treese of Willits were injured in a collision between Bussey's car and the car driven by John H. Campbell of Corte Madera at 2:15 a.m. May 28, about four and a half miles north of Willits.

The accident was a headon collision on a curve and Patrolman Fred Hamilton arrested Bussey for driving on the wrong side of the road, speeding and driving without a license.

Earl W. Suddareth of Santa Rosa was arrested for speeding and driving on the wrong side of the road the morning of May 27 when he collided with the car of Orian Goldsbory of Willits two and a half miles north of Laytonville.

Spring Roundup

Sunday is the date of the Spring Roundup of the Ukiah Riding Club and the activities of the day will begin at 1 o'clock sharp when the big parade will leave the Memorial building for the fair grounds.

The first event at the grounds will be a half-mile free-for-all footrace for high school students, the awards for which have been donated by the Ward and Wildburger markets. William Murphy of the Ukiah high school will supervise this event.

There will be jumping exhibitions in which local and out-of-town horses will compete, and a well-rounded program of rodeo and horse show events for which suitable awards have been provided.

One of the main attractions of the show will be the Junior division sponsored by the recently organized Ukiah Junior Riding Club.

Parade awards will be made at the fair grounds.

RAILWAY WORKERS WILL PICNIC HERE

Arrangements have been made for an old-fashioned basket picnic for employees of the Northwestern Pacific Railroad, their friends and their families, in municipal park at Ukiah on Sunday, June 13. Henry Dohring of Ukiah is chairman of the day and promises that the staff at his office will be genial hosts to all who attend.

This will be the first affair of the kind since the war, says Dohring, and indications are it will be well attended by former employes, those who have retired, and present employes, who will renew old friendships.

The park at Ukiah is at its best with a splendid green lawn. The outdoor swimming pool will afford water sports for those who swim, and the 18-hole golf course will offer inducement for those who care to play.

The clubhouse will be used by the ladies' committee for card games in the afternoon, and there will be dancing during the late hours of the afternoon.

Games, races and sports for young and old have been planned by the committee, with such headliners as a greased pig race, pie-eating contest and a tug-of-war between the different departments. It is also planned to have an amateur hour, at which time any of the employees having talent will be given an opportunity to entertain the gathering.

At 2:20 all are invited to attend the Flag Day ceremony in the park under the auspices of Ukiah lodge of Elks. Dean Maddox, one of the outstanding radio commentators of the KFRC staff, will officiate as master of ceremonies for this event.

Everything points to a large attendance from various ranks of the employes, their friends and families, from Eureka to Tiburon. Invitation has been extended to the officials of the company.

Hatch, a wheelright and cabinet maker. She left Ukiah in 1919 and returned in 1944. She was a lifelong member of the Christian church where the funeral for her mother, Mrs. I. C. Reed, was the first to be held from the church.

ANDERSON VALLEY

PHILO, May 29.—M. Richmond, local barber, whose second trial was held May 26 at Apple hall on charges of trespassing on private property, was acquitted. The first trial, a week ago, resulted in a hung jury.

Registration for children entering the first grade in September will be held at Apple hall Thursday morning, June 3, between 11:30 and noon. This includes all children entering the first grade. The child must be six years of age before March 1, 1949. Free physical examinations will be given by Dr. Powell. This program is being sponsored by the local Parent-Teacher Association and all parents of children beginning school in September are urged to have them registered. Early registration will avoid congestion.

School Lunch Program May Get Needed Boost

Officials of the state department of education expect next year to add approximately $225,000 to the school lunch program throughout the state if a bill now before congress is adopted.

The bill has passed the U. S. Senate and comes before the House for consideration within a short time. It raises the national appropriation from 65 to 75 million dollars.

At the present time, Mendocino county has 18 school lunch programs in progress, the department said.

TEN YEARS AGO
June 10, 1938

Charles Tullis of Willits was burned to death in the flames of his wrecked automobile near the Hurst place on the Willits-Fort Bragg road Friday evening. The car went off the grade and burst into flames as soon as it hit bottom. Guerney Neighbours of Willits saved himself by jumping from the car when he saw it was leaving the road. Jack Brewer, a truck driver, arrived at the scene of the wreck, when in his opinion the car had been burning only a few minutes. He put chains on the car and pulled it away from a tree against which it was leaning. He could see the body under the car and was sure the man was dead. Neighbours claims that Tullis was driving too fast and that he had told him so. He was so nervous that he kept the car door open and his foot on the running-board. He jumped when the car was about 50 feet from where it went off the road.

A mystery has developed in the death of Charles A. Burke, who lost his life on the railroad tracks north of Dos Rios the morning of May 21. Mrs. Paul Anderson is supposed to be the last person who saw Burke alive, at 10 p.m., and he was entirely sober at that time. That was about 90 minutes before the freight train passed the spot when he was killed. The body was discovered by Burke's father about 1 o'clock in the morning after the elder Burke had awakened and found his son had not returned from Dos Rios, where he had gone to make some purchases. Trainmen in charge of the freight testified that the engine was examined at Scotia and no signs of blood, or other marks, were found. Clarence Hixon, 17, was arrested in Santa Rosa Monday evening by Sheriff Smith and charged with taking $3200 in cash from Silas Craddock, an aged miser of Hopland, who was very much afraid of banks and kept his money buried in various places. In some way young Hixon learned that Craddock had some money buried in a shed of a barn on the Duncan place west of Hopland and searched the place on May 20 and found the money in a glass jar.

It is understood that the boy took only $500 the first time he visited the barn, but a few days later returned and took more, but could not remember how much. Last week he returned and took all the money that he had left in the jar. He gave his sister $1720, telling her he had found it in a stump. He then purchased a bicycle and a number of diamond rings and a horse and buggy.

SKAGGS SUES FOR SALE COMMISSION

O. R. Skaggs, Fort Bragg realtor, has brought suit against Myer Gross, owner of the Windsor Hotel at Fort Bragg, seeking judgment for $3750 and costs of suit as commission due from the sale of the hotel.

The complaint declares that Skaggs had a written agreement by which Gross listed the Windsor with his company for sale, Skaggs to receive five per cent of the sale price as commission and that Skaggs found a purchased who was willing and able to buy. The hotel was sold to Harry Delfel, the complaint says, at a price unknown to Skaggs, but said to have been $75,000.

Skaggs sues for five per cent of that amount as his commission, the complaint being filed by the law firm of Spurr & Brunner of Ukiah.

BACK INTO POLICE CAR

The police department's service car received a battered bumper and the Plymouth sedan driven by Ardith Phillips of Talmage a broken stop light when the Phillips car backed away from the curb on South School street too suddenly. Officer Bob Moore was aboard.

M. Gross, who purchased the Windsor from Guido Benassini in August of last year, sold his interests in the building and business to Joe Avila and George Delfel, says a report from Fort Bragg.

Avila needs no introduction to the people of Fort Bragg as he has been a partner in the Windsor Cocktail Lounge since 1945. He has purchased a home in Fort Bragg.

Mr. Delfel is from San Francisco, a stranger to that section. He has had considerable experience with hotel and motel business and with his partner plans improvements for the Windsor.

Mr. Gross will return to San Francisco as soon as the new owners take over.

From where I sit ... by Joe Marsh

Three Mighty Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance - Truth - Tyranny.

Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—*between* Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer ... who talk about "two beers" getting some one into trouble, and claim: "There ought to be a law!"

Then Truth steps in between, and points out that two beers never got anybody into trouble—and that somebody's trying to distort the facts. No, there shouldn't be a law—*there should be Truth.*

From where I sit, those ideas are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the middle—seeing that Tyranny never encroaches upon Temperance.

Small Indian dolls were place cards, there were little teepee decorations and canoes filled with pansies.

At the table of the Grand Pocahontas, a large canoe filled with flowers was the centerpiece. Mrs. Elise Figone was chairman of the committee on table decorations, assisted by Mesdames Sweeney, Caya, Dohring and Etter.

Birthdays honored for the month were those of Mrs. Caya, Ruth Martens and Mrs. Wegner. Each received cards. An invitation was extended the council by Elks lodge to attend the Flag Day ceremonies in municipal park on June 13. Many guests were present from Santa Rosa, Fort Bragg and Healdsburg.

Emblem Club Now Ready To Function

The Emblem Club became a reality on Friday night when wives, sisters and mothers of Elks club members formally organized to meet bi-monthly in Elks hall, not as an auxiliary of the men's organization, but to quote Mrs. B. Hinman of Lakeport, who helped them organize:

"An asset and not a liability—to promote social life among Elks club families; to share in community welfare work and help develop and deepen a sense of patriotism."

The emblem signifies the flag of the United States which is preserved and cherished as a priceless possession.

Mrs. Vernon Yates is president of the new organization and formal initiation will take place sometime in July when an Emblem officer arrives from Monrovia to conduct the rite. Mrs. John Viarengo is vice president and other officers elected are:

Club President

Mrs. George Dietterle

Mrs. Dietterle Will Head Garden Club

Mrs. George Dietterle will take office as president of the Ukiah Garden club for a second term. She was elected at a meeting Thursday night in the municipal clubhouse and other officers were selected for the coming year—the second since the club was organized.

The meeting was conducted in a colorful exhibit of flowers including rhododendrons and azeleas from local gardens and from those of the speaker, John Druecker of Fort Bragg, floriculturist who made his second visit to the club.

Mrs. Ernest Lauteren was named first vice-president; Mrs. Norman Buhn, second vice-president; Mrs. Martin Stipp, recording secretary; Mrs. Charles Kasch, corresponding secretary; directors at large are Irvin Boesel and Mrs. Arthur Romer.

Reviews Year's Work

Mrs. Dietterle reviewed the club's first year and complimented members on their enthusiasm which has made possible participation in floral exhibits at the district fair, the apple show, revival of the Christmas lighting and decoration program and the recent successful spring exhibit in the Palace Hotel. Five local and guest speakers have brought programs of interest and benefit to the club during the past year.

Members expressed thanks to the committee responsible for the spring exhibit, who are Mesdames Ruth Kington, chairman; J. J. Thomas, Arthur Romer, Harold Holliday, Martin Stipp, Athol Horr, Herbert Singley, Charles Kasch, L. M. Hildreth, Alfred McKinney, Werner Holzhauser, and Joe Solter.

Mr. Druecker's discussion of rhododendrons and azaleas was received with great attention as he told of their history and origin and revealed that varieties may vary from six inches in height to 20 feet. One unusual variety with leaves three feet long takes twenty years to come into bloom.

Coast Favorable

He has chosen the Mendocino coast as a spot for hybridizing these aristocrats of the garden because he believes more different varieties can be grown successfully there than anywhere in the world.

Other blooms on display were a striking red epiphyllum, or orchid cactus from Mrs. Ernest Dawson's garden and fine varieties of iris from the gardens of Jack MacNab, the George Dietterles, Werner Holzhausers, Ernest Barkers and a bloom of the Lady Mohr iris from the Arthur Romers.

The next meeting will be at the Mill Creek summer home of Mr. and Mrs. Holliday and Superior Judge and Mrs. Lilburn Gibson. Members will meet at 12:30 with picnic lunches on Wednesday, June 9 to hear a program on pelargoniums and geraniums presented by Mrs. Lauteren.

Willits News Notes

WILLITS, June 2.—Although the recent school board trustee election failed to bring Willits voters to the polls, the primary elections most assuredly did. The exact count is not available but judging from the traffic in front of the polling places, the city turned out en masse. Kenneth Ford, Charles Foord, Jr., Robert Jensen, Jr., and Gordon Gunderson, all of Santa Rosa Junior College, were home over the long weekend and took time out Tuesday morning to vote before returning to school.

Many Weekend Visitors

Many residents of Willits were hosts to visitors over the Memorial Day weekend. Mr. and Mrs. Matt Stonitsch, Mr. and Mrs. Vincent Phillips and daughter Susan of Petaluma were dinner guests of the Vale Spechts last Sunday as was Julian Andresen, also of Petaluma.

Visiting the Val Valleni family over the weekend were Mr. and Mrs. George Fracchia of Sacramento. Mr. and Mrs. Felice Gunsco [illegible] family visited them on Memorial Day.

The Jack Cress family had Ray Cress and son from Martinez and Neil Wesley and daughters from [illegible] Nuys as houseguests. Also coming to see Willits and the Cress family were Mr. and Mrs. Harold Rudow of Marysville, an old army buddy of Jack.

The Charles F. Heynemans were hosts to a San Francisco guest.

Among those away from Willits were the John Heavnors, who were seen in the bay area; the Chet English family, who motored over to Westport; the Charles Zanella family, who spent the weekend in San Francisco visiting friends and relatives.

Seen: Several Frontier Days bumper strips in the bay region.

Heard: Comment on the recent Jane Lee broadcast in same region. They are sold on Willits, but still wondering what is Frontier Days and why it should attract 10,000 people.

Fred Diaz of the Union Lumber Company, Fort Bragg, and Louis Zanella of the Willits Lumber Company jeeped out fishing over the weekend. They braved the rain but their efforts were unrewarded—no fish.

A sincere thank you to whoever was responsible for fixing the south highway chuck holes.

Kenneth Wayne was the name chosen by Mr. and Mrs. Carl Engand of Branscomb for their son, who arrived on May 27.

Two a.m., May 30, found the orchestra packing their instruments and the dancers humming the latest tune and all convinced that the spring dance sponsored by the American Legion was a success.

Tempers waxed white hot at the Willits-Ukiah baseball game Sunday held in Ukiah. The score, Ukiah 6, Willits 5.

The Howard Memorial Hospital "guest" list included the names of Elvis Sadler of Laytonville, who was confined for a few days with an injured hand; Myrtle Witherell, who is recovering from a major operation. Still hospitalized are Wayne Turner and John Delsol.

Out on $200 bail is Henry Kreun of Willits, who was booked on May 30 for drunk driving. Everett L. Brown of Willits is out on $35 bail and charged with being drunk in and about an automobile.

B.P.W. Play School Days

School Days was the theme of a recent B.P.W. meeting. Although all present were attired as little boys and girls, the Safeway group were outstanding with their mechanical frogs, fishing poles, and not mechanical worms. The other members may have squirmed at the thought of baiting a hook with a slimy worm but their presence did not impair their appetites. A short business meeting was held which resulted in the conclusion that Joy Ann Wise is to be backed by the group in her race for rodeo queen. President Pat Brewer and delegate, Skip Case, reported on the Santa Cruz convention held recently, during which Mrs. Case received a pot of coffee down her back necessitating a trip to a hospital for first aid. She has recuperated satisfactorily.

During the business portion of the evening it was announced that Cynthia Frey received two awards for songs written by the lady boosting San Francisco for the national B.P.W. convention in 1950. The songs were divided into three groups and as Cy contributed five, and two were winners, the lady is entitled to a very deep bow. For entertainment the "boys and girls" played jacks and engaged in a sling-shot contest. For the "larning" of the evening an old-fashioned spelling bee was held, with Eleanor Lewis the champ. The most artistically decorated box lunch was packed by Aleta Persico and trimmed with pansies, starting with a light yellow in the middle and deepening to a deep purple at the edge of the basket lunch. The fun-filled evening not only sent the ladies home happy and full of box lunches, but helped the "On to Fort Worth Fund."

Official colors of the Willits Horsemen's Association are red and white. That was one of the decisions made at their meeting Friday night. The other was their entry of a mounted group in the Frontier Days parade. With the addition of four new members, Owen Barstow, Doug Henderson and Mr. and Mrs. Al Payne, the organization now has a membership of 60. Their secretary, Mrs. June Smith, resigned as their recent move out of town makes it impossible for her to attend the meetings. The job is now in the hands of Mrs. Jesse Long, elected May 28. Under discussion was a proposed trail ride on June 12. Final decision lies with the board of directors who will meet next Tuesday and investigate promised weather conditions and other scheduled events. Refreshments of sandwiches, cake and coffee climaxed a lively meeting.

Scouts Dream of Noyo

With the closing of school just around the corner the boys who are members of the Scouts of the Sonoma-Mendocino area council are dreaming of their session at camp at Camp Noyo, about 16 miles inland from Fort Bragg with all the desirabilities any boy ever dreamed of, including the beautiful scenery and a natural swimmin' hole, complete with life guards. The cost is kept at a minimum while good food, sanitation and health are at the maximum. Even the boys' spiritual welfare is taken care of. It's a scout's dream, so parents, if you want junior to have a summer of outdoor life and memories to tide him through until next summer write to the Boy Scouts of America, 840 Western avenue, Petaluma, for details. If Junior is a first-class scout or higher, or over 15 years he is eligible for Pioneer Week to be held June 21-26 and dedicated to the preparation of Noyo for the regular opening of camp on June 26. However, it won't be all work as the day will be divided in halves—one of work, the other devoted to a camp program.

Truckers Meet

Safety was the keynote at the Truckers meeting last Friday night. President Vale Specht urged extreme caution to lower the accident and casualty record of 1947 and stressed the advisability of legal loading. Officer Fred Hamilton of the California Highway Patrol gave a brief talk with pointers for the log loaders such as using straight logs for bunk beds. The federal transportation tax was briefed by Art Rasmussen and all present participated in a motion to the effect that should an officer miss four consecutive meetings for any cause other than illness he would automatically be resigned from his chair. Guests for the meeting were mill owners, Joe Southwick, Robert Jensen, Sr., Elmer Padula, Frank Ford, Art Rasmussen, and lumber buyer, Ed Loosely. Four new members were taken into the organization, R. A. Anderson and John Comer, Willits; W. D. Anderson, Longvale, and R. A. Rieche and R. R. Dunlap, Ukiah. A prospective member in attendance was Floyd Swonger, service station operator at Ukiah. The next meeting of the association will be June 11.

Still recuperating from his recent illness, Gerry Shelton.

here, in addition to construction benefits, an annual payroll of $33,000. The armory would be available for civic organizations at no charge. When the armory building is completed the federal government will construct a surfaced motor pool for 29 vehicles and a third building for which the use was not designated.

Ask 50-Year Lease

He asked for a 50-year lease on the ground at $1 per year and said it must be obtained promptly or funds available in this fiscal year will be used elsewhere. Petaluma lost its opportunity for a similar setup, he told the council, by failing to make a site available.

The airport commission members present, Poulos and Schilder, said they will approve the plan if it meets with CAA approval and does not conflict with fair board plans. It will promote the airport and be an asset to the city according to expressions of the council and commission.

At the end of the lease period the buildings would revert back to the city unless the lease is renewed, Smith said. He estimates the initial investment at $150,000 and said he was being conservative. The Company B now has 28 enlisted men and two officers and will be brought up to full company strength of 129 men with five officers, he said. The company is now operating from the city hall where their supplies are stored.

Will Name Personnel

No decision has been made on several applicants for the airport job under Saulsberry. Leo Etter has been placed in temporary cahrge in the job which will be a daytime positoin.

A watchman will occupy the dwelling just vacated by Thoren Fravel, who resigned as of May 1. The watchman will be on night duty and a substitute attendant will be employed for one day a week. The entire cost for personnel will not exceed that paid under the former policy with a 24-hour a day manager, Saulsberry said.

The entire plan is expected to end conflict of authority over which Fravel complained in his resignation and in a letter written to the council in which he explained his dissatisfaction.

Caution Urged In Employing Minors

Employers who plan to hire minors during the vacation period are advised to obtain age certificates for minors who claim to be one or two years older than the minimum requirements for the occupation in which they seek ployment.

Employment and age certificates issued in accordance with the U. S. Department of Labor are acceptable as proof of age under the law and also serve to protect the employer against unintentional violations of the child labor section.

The general minimum age is 16 years, with an 18-year minimum for particular occupations held hazardous for children. The child labor section applies to minors employed by producers, manufacturers and dealers, who ship or deliver for shipment in interstate or foreign commerce.

Employment and age certificates are issued by city and county superintendents of schools.

Indoor Memorial Service At Ukiah

Because of weather conditions the Memorial services in Ukiah were held in Veterans' Memorial hall Sunday afternoon under the auspices of the American Legion, assisted and participated in by the Legion auxiliary, the Forty and Eight and 8/40, with Commander DeKeno conducting the impressive service.

The colors and organization flags of the American Legion, the Legion auxiliary, and the department banner of the 8/40 were advanced and Comrade Rev. Oran Bollinger offered the invocation.

Superior Judge Lilburn Gibson addressed the gathering to the point that all who have given their lives in our country's defense have made the supreme sacrifice because of their belief in the destiny of our country, to give to mankind the pattern of perfect government.

Wreaths from the American Legion, the American Legion Auxiliary, the Forty and Eight and 8/40, were presented and Mrs. Bernice Faas delivered an appropriate tribute to the dead.

Father Adrien Sharkey offered a prayer for those who gave their lives for their country, and a benediction for the living. Commander DeKeno then adjourned the meeting with an expression of appreciation for the attendance and participation of all present.

Those present then went to the cemetery and placed the wreaths on the American Legion monument.

Charles H. Shinn's Gold Rush Book Re-Published

Because of California's Gold Centennial, Alfred A. Knopf has just re-published a book by a distinguished author who spent his last years in Ukiah, Charles Howard Shinn, journalist, poet, teacher and forestry official whose life left a deep imprint on California. His wife, Mrs. Julia Shinn of 1208 Clay street now 80, is an active and greatly beloved resident of Ukiah.

His book, Mining Camps, first published in 1885 has been a valued and hard-to-obtain study of the forces that molded frontier government. It was written while he was a student of political science in Johns Hopkins university and reflects the deep philosophy of his mature years when he never lost the belief that the 'upright and sincere man will prevail.'

This guiding principle was back of his entire career which included a close personal friendship with Woodrow Wilson and Gifford Pinchot; a memorable clash with Washington forestry officials on forest administration and later years in Peace Cabin on Northfork in Madera county before he came to Ukiah where he died in 1924 in the home of his daughter, the late Mrs. Charles Kasch.

Peak Named For Shinn

Mount Shinn, a peak in the Sierra was named for him. He contributed to many newspapers and magazines and was deeply interested in the Icaria-Speranza colony founded by Russians on the Russian river near Cloverdale in 1881.

Of this he wrote in later years, "Funny, isn't it, how hard it is for dead-in-earnest reformers to endure one another—bless them all anyhow."

In writing of books he revealed his fine spiritual nature when he said, "I wish to maintain the doctrine that literature is but the handmaid and servant of the good, the pure and the serene. Only the wise and gentle should dare to analyze the lives of men."

Mining Camps, according to an introduction in the new edition by J. H. Jackson in the Chronicle is an important contribution to our knowledge of ourselves and our method of self-government—our American character. The book, says Jackson, "is also a reflection of a man who because he was himself a fine example of the American character, understood that it was rooted in a tradition of sturdy independence, that is is practical, essentially realistic and for all that has yet been proved to the contrary, ineradicable."

Significant Now

It seems particularly appropriate that this re-issue should come at a time when California is on the threshold of its centennial and when man himself is probing deep into the forces and beliefs that have molded his character and political systems.

The book is not written for the scholar alone but for any reader who enjoys a readable analysis of all that has contributed to the practical political experience of mankind. The California gold rush, as Shinn demonstrates, was more than a brief, romantic era; it was a period of great historical importance in molding a practical set of rules by which men could live amicably with one another.

Mrs. Shinn who is a member of the Reading Club, superintendent of the Presbyterian Sunday school, and active in church work, is a trained botanist and an authority on trees.

Poppy Day Aides Given High Praise

Poppy Day in Ukiah Saturday, May 22, was highly successful and community response was gratifying, according to Mrs. Elise Figone, chairman of the Veterans Of Foreign Wars Auxiliary Poppy Day committee.

"The little red crepe paper poppy is a badge of honor," she said, "a tribute to brave men now gone. But it is also a badge of courage for the living still in hospitals, and those who wore them Saturday proved those wounded and suffering the aftermath of war are not forgotten."

She thanked all who assisted her, including Mesdames Lillian De Keno, Robert Jardine, Marjorie Sanchez, Jane Isnard, Ann Moore, Agnes Chapman, Prudence Laviletta, Minnie Sweeney and Joan Roberts.

Also Camp Fire Girls and students of Calpelia school and friends. Among the children helping were Romaine Squler, Marilyn Sikora, Phyllis Williams, Grace White, Ardell Meyers, Whitney Seeley, Shirley Ginochia, Glen De Keno, Harold Etter, Dixie De Metro, Annabel Cave, Eileen Elliot, Wayne Elliot, Alice Donaldson, Lorraine Rovera, Marilyn Ora, Day and Mildred McCarthy.

Supervisors Advise Dos Rios Couple To Sue County For Property Damage

About six months ago the county did a bit of road straightening on the Covelo road one mile east of Dos Rios bridge. The road passes the store and home of Mr. and Mrs. W. A. Dellamore who sold to the county a right of way for $200.00. Russell W. Cummins, county engineer, estimated the bank fronting the Dellamore property would be cut back to leave about a four-foot drop, according to Dellamore.

The drop from his front yard to the road surface is actually 12 feet, the road was cut in deeper than planned and his house is practically teetering on the brink, Dellamore and his wife have complained in some seven or eight appearances before the board of supervisors.

Yesterday the affaire Dellamore boiled to a climax in the supervisors chambers. Cummins, according to the complaints heard at several past meetings, came to the property and volunteered the opinion that the cut made by a contractor was a disappointment to him and that the county was obligated to move the house back or otherwise repair the damages.

Cummins agreed, Dellamore said, that his business has been left high and dry; that the county road work has washed out his fences and left him liable for damages in case his livestock is struck by passing traffic. He promised something would be done, Dellamore stated.

The board, carefully considering the case each time the Dellamores have appeared, has conferred with the engineer and the county attorney. An offer of $500 was made to them two weeks ago and refused. A house mover's bid to pull the house back from the road was $1500 and considered too high.

The Dellamores had grown tired of telling their story. Chairman Ed Haehl proposed further delay. It was then that Supervisor Guy Redwine lost patience and cut the discussion short. "I believe the Dellamores have been damaged and the county has an obligation," he said. Supervisor Safford questioned the legality of further payment. James Busch, county attorney was sent for.

He advised that the county cannot legally pay damages without a court order. Supervisor Haehl advised the Dellamores to bring a damage suit.

Drivell Ranch Sold To Upper Lake Man

The 136-acre ranch belonging to John Drivell on the north highway has been purchased by Ed Sailor of Upper Lake, who will take full possession as soon as the Drivell family gets settled in their new home in Ukiah.

This ranch was purchased by Mr. Drivell about five years ago and is devoted to pears, prunes and grapes. The improvements include a fine 10-room house, excellent outbuildings and an irrigation system. At the present Stanley Duncan, son-in-law of Mr. Sailor, has taken charge of the ranch and with Mrs. Duncan, and their daughter will move into the ranch home when vacated. This transaction was handled by Younce & Schamber and involves one of the highest prices paid for a ranch in this section in many months.

Mr. Sailor not so long ago sold his Lake county ranch of about the same size which he planted to pears 38 years ago.

Mr. Drivell's plans include a trip to Europe and Alaska and finally to settle in their home in Ukiah. Mr. Drivell's property interests now include large apartment and store buildings in San Francisco.

State Short Ag. Workers

Report Indicates 200,000 Laborers Are Now Needed

California is approximately 200,000 workers short of anticipated needs for this year's agricultural season, James G. Bryant, director of the state department of employment, said this week.

However, he expects most of this total to be made up by the arrival of migrant workers into the state, work performed by students during school vacation, and residents of communities in agricultural sections, who normally engage in agricultural work during the harvest seasons.

The employment of temporary farm workers, Bryant said, has increased rapidly during the past two months, with approximately 40 per cent of the anticipated peak of 350,000 farm workers on the job at the present time.

"The upswing since the end of March," the director stated, "has added 60,000 temporary farm workers to the payrolls. We now have about 135,000 men and women working on seasonal jobs.

"About two-thirds of these are residents of the area in which they are working, and the rest are migrant workers, many of whom came to California from other states during the spring.

"Although we are more than 200,000 workers short of our anticipated peak needs, there were only about 22,000 persons seeking farm employment last week, and crop activities scheduled to start immediately will absorb some 13,000, leaving the state only 9,000 available farm workers."

Cafe Owners Sued By Former Tenant

E. W. Dean and wife, former operators of a restaurant and pool hall at Laytonville, have brought suit against Frances Clark, owner of the building and fixtures, to recover possession of certain personal property in use in the business on February 3, 1947, when Clark terminated the lease and evicted the Deans.

The property listed includes an exhaust fan, neon sign, two pool tables, billiard table, dishes, silverware, etc., estimated worth $875.

The complaint says that on May 10, 1948, Clark brought suit in Justice court against the Deans for $60 balance due on rent. The Deans claim that their cause of action arose out of the same transactions alleged in the case in Justice court and that Clark should be enjoined from further proceedings there until the action by the Deans is heard. Spurr & Brunner are attorneys for the Deans .

Thirty-one graduates will receive diplomas at the exercises of the Willits high school Thursday night.
